

Stunning images of a unique artist

LOCAL resident Jeffrey Baker is currently exhibiting his latest works of art in a special presentation titled 'Images and Visions'.

The art work is on display at the Nautilus Beach Resort until January 21 and will feature over 45 new pieces of Jeff's unique style.

His paintings provide a fascinating view of contemporary land and seascapes with surreal concepts using a full palette of colour.

A highlight of the previous year for Jeff has been the painting of a large canvas to celebrate a new millennium of sport, for which he was specially commissioned and featured in the sports publication Total Recall.
